

costs for a self-working jib system

1	rail size 3	197.00 €	price 2011	
1	Traveler (4 roll bearings)	163.00 €	price aktuell	
2	endstop on the rail	46.00 €	„	
2	tails for the end of rail	30.00 €	„	
1	single block D=50mm/12 mm	24.00 €	„	or more
1	shackle (sheet to jib)	5.20 €	„	
1	sheet 10 mm, l=25 m	60.00 €	„	
2	pulley for the sheet in the mast	76.00 €	„	in and out
		2,599.00		more or
1	jib, good performance	€	„	less
1	electro-polisch of the feet	51.00 €	„	
		3,251.20		
		€		

producing of 2 feet no costs for me
but about 5 – 6 hours of skilled workers and some pieces
of

sheet metal 4 mm thickness stainless steel aisi 304, better aisi 316Ti.
several screws and nuts.

all together I think about **3,700.00** € actuell
